## Product Specific Conditions (continued...)

### How we pay interest

We credit your interest to your account on 31 December each year. If you close the account before 31 December, we'll credit the interest to your account on the day you close it. The interest rate paid applies to the entire balance in your account.

If requested, interest can be paid directly into your bank account in January each year (minimum £25) or to another account with us.

We'll send you an annual statement in January.

### Operating an account: withdrawals

- If your notice period ends on a weekend or a bank holiday, we'll process your withdrawal on the last working day before. The amount to be withdrawn will become available from that date.
- If you want to change your withdrawal request after you have sent it, you'll need to cancel the original request and submit a new one.
- If a notice to withdraw funds would take the account balance below the required amount to keep the account open (£500), the account will be closed.
