To open an account

Applications

Apply online on our website ecology.co.uk or via our Ecology App. If you would prefer to open or operate your account by post, please contact our Member Services team for an application pack.

Before you apply to open an account online you will need to have:

- An email address that is unique to you (members cannot share the same email address)
- Your mobile phone for two stage verification.
- The sort code and account number of the bank account that you want to use as your linked account to manage your Eco Double Access Saver account. Once your Eco Double Access Saver account is open you will use your linked account to make payments and withdrawals.

Paying your first deposit

To finish opening your account you need to make a payment. You can do this by

- Bank transfer from your linked account,
- Standing Order from your linked account or
- Transferring funds from another Ecology account.

The open date of your account will be the date we receive your first payment. You must make the first payment within 14 calendar days of applying or we'll close the account.

How we pay interest

When you apply, you can choose to have your interest paid annually or monthly. Annual interest is paid on 31 December each year. Monthly interest is calculated on the last day of the month and credited to your account that day. If you close your account before then, we'll credit any interest on the date of closure.

If you'd prefer your interest to be paid into your linked account, you can choose this when you apply. The interest rate paid applies to the entire balance in your account. An annual statement will be available in January.

Operating an account: withdrawals and closures

Withdrawals from your Eco Double Access Saver will be sent to your linked account.

You are allowed to make two instant access withdrawals in a calendar year. If you want to make more than two withdrawals you will need to contact Member Services and we will close your account.
