Ecology’s Purpose

In a world that doesn’t add up, daring to be different is our calling, lending our power so everyone’s story gets a chance to thrive.

Role Purpose

The IT Vendor Manager is accountable for the governance, performance, and risk management of third-party IT suppliers. The role ensures vendors deliver secure, compliant, and value-driven services while meeting regulatory, audit, and cyber security requirements. Acting as a key interface between IT, Risk, and Procurement, the role mitigates third-party risk and supports operational resilience across the organisation.

Main Duties & Areas of Responsibility

Examples of duties include, but are not exclusive to;

- Own and manage key IT vendor relationships, including ongoing due diligence, performance management, and risk oversight.
- Act as primary relationship manager for critical suppliers, including core banking partner, Security/SOC partner, Infrastructure Support partner, and Data partner.
- Manage and rationalise low-impact IT vendors, ensuring proportional oversight and cost effectiveness.
- Lead the management and renewal of accreditations and attestations, including Cyber Essentials Plus and SWIFT.
- Coordinate and manage IT audit fieldwork, ensuring timely evidence collection and effective engagement with internal and external auditors.

Job Description

- Manage cyber insurance relationships, renewals, evidence requirements, and insurer assurance activities.
- Monitor vendor compliance with security, resilience, and contractual obligations, escalating risks and remediation actions where required.
- Co-own IT Risk and Control Matrices (RACMs), ensuring third-party risks and controls are documented, tested, and kept current.

Skills and Experience

- Proven experience managing **critical IT and cyber security vendors** in a regulated environment.
- Strong understanding of **third-party risk management**, supplier due diligence, and ongoing assurance activities.
- Experience managing **security-related vendors**, including SOC, infrastructure, and data service providers.
- Familiarity with **industry accreditations and frameworks**, such as Cyber Essentials Plus, ISO-aligned controls, and SWIFT requirements.
- Hands-on experience supporting **audit activities**, including evidence collation and auditor engagement.
- Working knowledge of **cyber insurance requirements**, risk profiling, and insurer assurance processes.
- Strong stakeholder management and communication skills, able to **bridge IT, risk, compliance, and external suppliers**.
- Highly organised, detail-driven, and commercially aware with a pragmatic, risk-based approach.

Other

- You have a legal duty to take reasonable care of your own health and safety and that of others and you are expected to be familiar with, and adhere to Ecology's Health and Safety Policy
- Ensure your work, communication and approach conforms to the values and behaviours of the Society.
- Keep up to date, and comply with Ecology's rules, Policies and Procedures.
- Undertake any reasonable duties requested by management.
- This role has a six-month probation period
- As part of your role, you are responsible for upholding the principles of Consumer Duty by ensuring that the needs, preferences, and interests of members are at the forefront of decision-making, delivering fair outcomes, and acting in a way that promotes member trust and confidence
