Ecology's Purpose

In a world that doesn't add up, daring to be different is our calling, lending our power so everyone's story gets a chance to thrive.

Role Purpose

The IT Manager is responsible for ensuring the secure, resilient, and effective operation of the Society's IT environment, including infrastructure, cloud platforms, end-user technology, and cyber security controls. The role provides leadership across technical operations, support capability, architecture, and delivery, ensuring systems are reliable, compliant, and aligned to business objectives. Operating within a regulated environment, the role balances operational leadership, risk management, and continuous improvement while enabling the wider organisation through dependable and well-governed technology.

Main Duties & Areas of Responsibility

Duties include, but are not exclusive to:

- Lead Infrastructure & Cloud Operations, owning **IT architecture, standards, and technical documentation** across on-prem and cloud platforms.
- Ensure **backup, recovery, resilience, and disaster recovery** capabilities are in place, regularly tested, and aligned to business continuity requirements.
- Lead the IT Ops function, ensuring effective **resolution of incidents, requests, technical issues, trend analysis, and 3rd-line escalation** where required.
- Own **IT asset management** including hardware, software, licensing, lifecycle management, and inventory accuracy.

- Maintain the Society's **cyber security posture and controls**, ensuring alignment with security frameworks, policies, and regulatory expectations.
- Oversee **security operations**, including SOC alerting, investigation, remediation, and management of cyber security awareness across the organisation.
- Manage and coordinate **IT change activity**, submitting and governing changes through the Change Function to ensure risk-aware delivery.
- Co-own **IT risk and control measures**, including RACMs, evidence collation, audit support, and ongoing control effectiveness reviews.

Skills and Experience

- Strong customer-focused communicator, able to translate business requirements into technical solutions and articulate technical issues clearly to non-technical stakeholders.
- Technically inquisitive with a structured approach to fault-finding, root-cause analysis, risk-aware decision making, and controlled change delivery.
- Proven people manager with experience leading, developing, and motivating a similarly sized IT Ops team.
- Experienced in gathering, analysing, and documenting business and technical requirements, with strong attention to detail and risk awareness.
- Highly organised, capable of managing multiple operational priorities and projects concurrently while remaining calm and approachable under pressure.
- Hands-on experience managing a hybrid infrastructure and network environment, including cloud, on-prem, and core network services.
- Strong background in maintaining and enhancing cyber security controls and operational security, aligned to regulatory and audit expectations.
- Experience working within a regulated environment, ideally financial services, with a pragmatic, proactive "can-do" mindset.

Other

- You have a legal duty to take reasonable care of your own health and safety and that of others and you are expected to be familiar with, and adhere to Ecology's Health and Safety Policy
- Ensure your work, communication and approach conforms to the values and behaviours of the Society.
- Keep up to date, and comply with Ecology's rules, Policies and Procedures.
- Undertake any reasonable duties requested by management.
- This role has a six-month probation period
- As part of your role, you are responsible for upholding the principles of Consumer Duty by ensuring that the needs, preferences, and interests of members are at the forefront of decision-making, delivering fair outcomes, and acting in a way that promotes member trust and confidence.

Behaviours and Values

Behaviour	Our Collective Commitments	Examples of Bringing My Best Self to Work
Deliver Together	We've always believed that, together we can achieve more. Working with our stakeholders and Members to create incredible impact. That's why Deliver Together is the heartbeat of everything we do. By combining our unique strengths, perspectives, and talents, we know there is no challenge too great, no goal too ambitious. Together, we're unstoppable. Deliver Together means learning from one another, recognising that every person brings something valuable to the table. We know the best solutions emerge when we combine our insights, learn from our differences, and respect each other's expertise. When we Deliver Together, we tackle challenges as a united front, sharing our successes, learning from our setbacks, and always supporting each other to be better. Creating something that's greater than the sum of our parts. Let's Deliver Together. Because together, we can achieve the extraordinary.	• I collaborate with others, considering the bigger picture and doing the right thing for Ecology and our Members • I deliver on our collective commitments, providing amazing service to our Members, and to my fellow colleagues • I am purposeful in my actions, respecting people's time and using it wisely • I choose the right communication tools and methods to align with the goals, complexity, and urgency of the activity • I evaluate the strengths of the team, ensuring that the right individuals are involved • I welcome diverse perspectives and encourage inclusivity
Lead With Care	At Ecology we care deeply about our planet, the people we work with and the Members we serve. Lead With Care means being honest and supportive - the cornerstones of strong relationships and lasting success. It's about being authentic, patient, compassionate and understanding. It's appreciating that everyone's journey is unique and taking time to encourage, uplift and help each other. We recognise the power of words and the responsibility we carry when we communicate, offering feedback that is constructive and kind – and always keeping the well-being of others in mind. We share our thoughts clearly and respectfully, without fear of judgment. To Lead With Care is to embrace openness with courage, even when it's difficult, knowing that honesty drives meaningful change that makes a difference. Let's Lead With Care. In every action, every word, and every step we take.	• I am kind to myself, asking for help when needed • I build trust through consistency and reliability • I help when needed, stepping in with a willingness to support • I share truth with care, offering feedback that is constructive and kind, and delivering it in a way that helps others grow, without judgment or blame • I am mindful of how my actions, decisions, and communication affect people and our planet • I actively listen and seek to understand the needs of others, being present in the moment • I celebrate successes, offering thanks and praise for a job well done
Values		
Fairness: Treating everyone individually and with respect	Openness: Listening to each other's views and opinions	Responsibility: Doing what we say we'll do. Making pragmatic decisions, staying true to our values
		Co-operation: Working together, receptive to the knowledge and opinions of others
		Activism: Empowering colleagues to be advocates for change

Own Your Impact		At Ecology, we make an incredible impact on our environment and the communities around us. And we all play a part in making this happen. Own Your Impact is a promise to ourselves to take full ownership of our actions, our commitments, and the outcomes we create. It means delivering on our promises and taking accountability for the results we achieve. To Own Your Impact is to make considered decisions, even when the path isn't easy. It's about achieving a high standard of excellence and recognising that our individual actions contribute to the collective success of our team. We do what we say we will – and we do it to the best of our ability. Own Your Impact means being proactive by anticipating challenges, taking the initiative to find solutions, and owning the process from start to finish. We lead by example, knowing that true accountability means creating positive impact that drives the right results. Let's Own Our Impact. Let's be accountable for our actions and for our future.		• I take ownership of my performance and development, achieving my objectives and building the skills I need for future success • I own the process from start to finish, taking responsibility for every step • I have clarity over my role and know what's expected of me • I do what I say I will, managing stakeholder expectations with clear communication and deadlines • I consider risks carefully, seeking feedback to guide my path and being mindful of possible outcomes. • I embrace feedback and use it to improve, seeking opportunities to learn from others • I am self-aware, reflecting on my own actions and impact, and I believe in my own abilities	
Dare To Be Different		Ecology started from a brave decision to do something that others wouldn't. Pioneer the possible. Dare To Be Different means stepping into the unknown with confidence, challenging the status quo, taking considered risks that may lead to incredible impact. It's about having the courage to voice new ideas, even when they seem bold or unconventional. To Dare To Be Different means making tough decisions, when others won't, and being brave enough to change course if it's the right thing to do. We are strong enough to own our mistakes, being resilient in the face of setbacks. We embrace failure, seeing it is a stepping stone to success, sharing what we learn to help each other. We lead with confidence to inspire others to greatness. Let's Dare To Be Different. Let's inspire the world around us.		• I speak up and challenge respectfully, with a focus on finding solutions • I'm positive and inspiring, strong in the face of adversity and resilient when facing setbacks • I don't let fear or disappointment derail my efforts • I'm brave enough to step out of my comfort zone, challenging the status quo to achieve the right results • I lead with humility, accepting my mistakes, listening to others, and being brave enough to change course when it's the right thing to do • I champion sustainability, pushing for positive change so we can create a better world
